Company profile

Made in Germany

Since 1875, FLORA has specialised in the development and manufacture of high-quality and durable garden tools and equipment. Even in the early years, the values which FLORA still lives by were established: quality, technology and know-how. Our customers can rely on us – we are ready and waiting. Worldwide. From the heart.

Quality since 1875

A skilled team, our ability to innovate, and the use of the most up-to-date technologies – these are our guarantee for top-quality products. We are responsible for the entire process chain, from development to manufacture and assembly right up to despatch.

Litter pickers and accessories

For 30 years, Greifboys have been among the most successful litter pickers internationally – “Made in Germany”, of course. With a large number of different types, Greifboys are ideal for use in all sectors of rubbish collection. Based on a maintenance-free, internal mechanical system, they provide maximum durability, functionality and ergonomics. Landscaping specialists, municipalities and cleaning businesses prefer these Greifboys for garbage disposal work, because they pick up a discarded bus ticket just as easily as a large champagne bottle.
